## THE MAINSTREET LIONS – AUGUST 24

### **Heartfelt Styling of the Greatest Rock Music of All Time**

Much more than just an “oldies band,” The Mainstreet Lions lend a vast array of musical talents to an impressive range of musical styles from The Woodstock Generation, The British Invasion, Classic Rock to Modern Rock , Rhythm & Blues and Motown Soul!

Fronted by lead singer and multi-instrumentalist Doug Thomas, the driving force behind such influential Ohio bands as The Holes In The Road, MF Rattlesnake, The Shaddows, and I Don't Care, The Mainstreet Lions line-up also features Doug's longtime Rattlesnake band mates Dennis Csiszer and Gary Sloas, as well as Mom's Apple Pie and Sideshow guitarist extraordinaire Rollo Miller. Sharing the lead vocal chores and adding guitar and flute is area rock favorite Lizzie Lewis. The quintet engages its audiences with energetic authentic renditions of new and old rock favorites, intricate four-part vocal arrangements, tasteful original compositions and timeless classics that have kept area audiences dancing and singing for years. During their distinguished careers, members of The Mainstreet Lions have played shows with Ted Nugent, The Young Rascals, The Kinks, The Lovin' Spoonful, The Buckingham's, The Turtles, Paul Revere and The Raiders, The Lemon Pipers, The Raspberries, ZZ Top, King Crimson, Exile, REO Speedwagon, Styx, Peter Frampton, and many others.

It doesn't matter whether your style is tie-dyed T-shirts, leather and lace, or penny loafers and a button down collar! It makes no difference if you are three or 103! You will love The Mainstreet Lions' show, and heartfelt styling of the greatest rock music of all time! Come on out and request your favorite song – the odds are excellent The Mainstreet Lions can rock it!

**GENERAL ADMISSION FOR AUGUST 24:**

**\$10; Everyone must have a ticket including children 12 & under**

VIP ADMISSION FOR AUGUST 24:

Gold VIP – \$100; Stage front seating; chairs provided; meet & greet with Southside Johnny; very limited availability
